

## JAIL CONTRACT HAS BEEN LET

Pauly Company to Begin Work on New Building June 15.

The Pauly Jail Building company of St. Louis will build the new jail on Second East opposite the city and county building and will begin work by June 15 and complete the building proper by Dec. 1. The contract was formally awarded to the company at a meeting of the commissioners yesterday afternoon. The amount to be paid for the building to be erected this year is \$21,352.25.

The contract for the sheriff's residence, 100 cells, and walks and drives, will be awarded Jan. 2. The bid of the Pauly company for this was \$12,845.62. This will make the cost of the jail, when complete with 100 cells and sheriff's residence, with walks and drives, \$34,197.87.

The Pauly company was the only bidder to cover everything asked in the specifications. Only the Gillis Construction company included tool proof window guards, and that firm did not bid for some of the interior arrangements. The amount of this bid was \$35,250 for the building, without the drunk rooms and tramp cells. For the section of the sheriff's residence, drive and walks this company bid \$15,500.

### Other Bids.

John Shea did not bid on the tool proof steel window guards, nor for the tramp cells, hospital and drunk rooms, but offered to erect the building alone for \$21,352.25, and the sheriff's residence and walks and drives for \$14,870.

The Campbell Building company left out all the extra rooms required and offered to put up the building for \$40,558, and the sheriff's residence and walks for \$15,129. It is proposed to erect a modern building this year and put in 100 cells the first of the year. The building will be of three stories, with a basement covering the entire building. The administration rooms will be in front of this, with two witness rooms, six drunk cells and one tramp cell and a hospital. When the cells are ordered, Jan. 2, the sheriff's residence will be commenced. This will be directly in front of the jail and will be a modern residence of brick. In the contract for this are included the concrete crosswalk and yard.

John C. Mackay of the board of commissioners said last night that the Pauly company was very much lower than any other bidder on everything and that its bid was the only one that was anywhere near complete.

Job P. Lyon, county attorney, was ordered to draw up the contract, which will be signed in a few days.

## FOR SPECIAL ELECTION

Commissioners Make Arrangements for Ascertaining Wish of People Regarding Capitol Building.

At their meeting yesterday the county commissioners ordered the necessary arrangements for the special election which will be held June 8 on the question of providing a state capital. The following were appointed to furnish the extra help required in the office of the county clerk in getting out the registration lists and doing other clerical work: Irene Beckford, Genevieve Jones, Mamie Bowman, Genevieve Knowlton, Nora Swann, William Groesbeck, Jr., George H. Crow, Dora Iverson.

Miss Anna Bone was appointed clerk in the office of the county clerk, to take the place of Miss Mabel Anderson, who resigned to take position in the office of the state board of land commissioners.

Alexis Forsberg was appointed extra assistant in the office of the county recorder for thirty days at \$3 a day.

## PRETTY SYRIAN GIRL WEDS MAN SHE LOVES

Pretty little Lily Boyer, who was in the juvenile court last week for trying to run off a state capital, named Mike Kattar, achieved the desire of her heart yesterday when she was married to him. The girl is but 14 years old, but she is a Syrian, and her father, a Syrian official last week that lots of girls of her nationality were married even younger, and that she intended to marry Kattar and on one day. She was placed on probation at the request of her mother, Mrs. Libbie Boyer, but since then the mother has changed her mind and the office of the county clerk and gave her consent that they should wed. The license was issued and they went away happy.

## WANTS TO INCORPORATE.

Bingham Junction to Have Election on May 26.

Residents of Bingham Junction will vote on the question of incorporation on May 26 and will elect officers on that date for the town of Midvale. It will hereafter be known. But one ticket has been filed in nomination. This includes: Joseph B. Wright for mayor, Edward C. Bateman for recorder, James Owens for treasurer, J. J. Williams for justice of the peace, and for councilmen, Andrew Larsen, Patrick Sullivan, John J. Thompson, August Pearson and Walter Cooper.

At their meeting yesterday the county commissioners ordered arrangements made for the first election.

The incorporation of the town of Midvale will make necessary some changes in the election of the town of Midvale and some changes in the boundaries of the present districts.

## AUTOMOBILISTS MUST BE REGISTERED

New Vehicle Law Goes Into Effect Today—Its Restrictions.

Automobilists must pay a visit to C. S. Tingey, secretary of state, today, and receive from him a seal, badge and number, or lay themselves liable to arrest as guilty of a misdemeanor. This is under the new vehicle law which goes into effect today and which provides for this as well as regulating the conduct of drivers throughout the state.

The number, which will hereafter hang on the back of each benzine buggy, will contain, besides the numerals, the letter "U" indicating the state, as is the case with most foreign autos which arrive here. On the side will be an elaborate seal showing the state registration. The cost of preparing the seal, which the secretary of state will furnish, will amount to more than the fee of \$2 which is required.

The fact that a city license and number is held will not prevent prosecution, as state registration is compulsory and it is necessary for each owner to dig up. An owner driving his own machine needs no further certificate than that which the secretary of state supplies, but each chauffeur must be licensed and pay a fee. The latter will also be given a badge.

## ELKS PLAN BIG TIME

Local Members' Contract—Will Entertain Excessionists Who Will Visit Here in July.

Contracts were signed yesterday by which Saltair is to be turned over to the Elks, Wednesday, Thursday, Friday and Saturday, July 7, 8, 9 and 10. These are the plans for the plans being made by the local Elks for the entertainment of visiting Elks on the way to the grand lodge meeting at Los Angeles. The Elks are expected to make a stop at Salt Lake on the days named.

Word came from August Hermann of Cincinnati yesterday that the Cincinnati delegation, more than 300 strong, had planned to stop here for one day, and other advice make it certain that Salt Lake will have a big herd to entertain in July.

## HELP YOUR FRIENDS.

By Johnny Burke.

Nex't to a dog a horse is my good friend. Yesterday morning I saw a man do a kind act to a horse and I felt like giving him my carnation that's left over from Mother's day.

So at 10 minutes of 10 I'll hailin' to beat a man slidin' down a rainbow. They's a old horse feller that sometimes stands in self, he fishes around until he gets a couple of things that'll pass for blankets in case of this kind, and he covers old John with them. He's a good fellow, and he ain't in an' want to eatin' his hay, anglin' out the parts that ain't wet. I say that incident made a noise like humanity.

## MORGAN SAYS SHE WANTED TO WED HIM

William H. Morgan, a bricklayer, was the defendant in a most interesting case yesterday afternoon. The Peace Judge, A. Hanks yesterday afternoon. The plaintiff in the case, Mrs. Ellen Geary, alleged that Morgan threatened to marry her because she had refused to marry him, while Morgan testified that Mrs. Geary wanted him to make her his wife. The state's testimony was taken yesterday and when the case opens this morning the defense will introduce its evidence.

Mrs. Geary on the stand yesterday afternoon testified that on the night of April 19 she was suddenly awakened from her slumbers by a noise in the kitchen. On making an investigation, she found Morgan in the room, and when she ordered him out he threatened to kill her. Mrs. Geary testified that she was a widow, and that she had been married to Morgan for several years. She testified that she had been married to Morgan for several years, and that she had been married to Morgan for several years.

## SEVERAL INJURED IN TRAIN ACCIDENT

San Pedro passenger train No. 63, which left Salt Lake at 8 o'clock yesterday morning, ran into an engine switch near Sandy, derailling the engine and three cars. The fireman, Frank Scott, received a badly fractured ankle, and Mrs. J. W. Steele was bruised about the face. Mrs. J. E. Bennett of Provo was severely cut on the back of her head, and Mrs. J. P. Pennell of Salt Lake was bruised in several places about the body. None of the injuries are serious.

Dr. J. T. Robertson, assistant physician of the road, was sent immediately to Sandy, after the accident occurred, and dressed the wounds of the injured. After an hour delay the train resumed its journey to Provo. It is believed that the switch was opened by tramps.

## "AMERICAN" PARTY LOVE FEAST TONIGHT

Members of the "American" party will hold a "love feast" tonight at the Auditorium on Richards street. The purpose of the gathering is to make the preliminary move to solidify the "American" party in a final and desperate attempt to retain control of the city. To offset the "American" love feast, the Republican party will hold a similar affair at Judge Ritchie's court room to form precinct Republican organizations.

**CHICKEN THIEVES AT WORK.**  
Charles Barber, 148 North Second West, reported to the police late last night that chicken thieves had been busy at his coop earlier in the evening, and had made away with a lot of young chickens, old hens and some roosters.

A private safe may be rented in the fire and burglar proof vault of the Salt Lake Security & Trust Co., 32 up Main street, \$2.00 per year and upwards.

### DEBATE AT HIGH SCHOOL.

An interesting debate was held yesterday afternoon in the High school in Miss Leatherwood's class in American history on the question, "Resolved, that capital punishment should be abolished." Miss Doris Raymond of Lehigh, and another, taking the affirmative, won the debate. The negative speakers were Frank Spencer and Rowland Schramm. The judges were Miss Charlotte Botwell, Charles Godbe and Miss Elsi Tout.

## CLOSING DAYS OF Y. M. C. A. CAMPAIGN FIND EFFORTS OF WORKERS REDOUBLED

Automobiles Pressed Into Service to Reach Outlying Districts—Spirited Addresses at Noon Meeting.

Reading room at the Y. M. C. A.

From observation and actual experience, I have reached the conclusion that nothing yields a larger return than money and effort devoted to work for young men and boys through the Young Men's Christian Association.—Robert Cluett, donor of \$100,000 to Y. M. C. A. of Troy, N. Y.

Promises of strenuous and unceasing efforts in the two days remaining in which to raise the \$50,000 for the Y. M. C. A., and spirited speeches by Joseph Lippman and W. Mont Perry were features of the noonday luncheon at the Commercial club yesterday.

The receipts for the day—that is, up to noon, when the reports were made—were light, but the explanation was easy. Saturday afternoon found most of the offices closed, and the weather yesterday forenoon made it bad going for the automobile brigades. Much of the campaign is centering in the outlying portions of the city now and automobiles have been put in service.

With the clearing of the weather in the forenoon the automobile and the foot brigades all got busy and there will be no light, but the explanation was easy. Saturday afternoon found most of the offices closed, and the weather yesterday forenoon made it bad going for the automobile brigades. Much of the campaign is centering in the outlying portions of the city now and automobiles have been put in service.

Hard Work Necessary.  
It is conceded now that hard and untiring work is necessary and the committee-men are tackling it with invincible spirit. The man who says "fail," if such a one there be, will have difficulty in persuading any one to stop long enough to listen to his theorizing. The most prominent business men of the city, proprietors and managers of big institutions.

Lippman's Talk.  
"I am not in accord with an opinion we sometimes hear that the rich men of this city are not doing their part in this campaign," he said. "We must remember that their position is different from ours. They are not only doing their part, but they are also doing it in a way that is of great value to the community. I tell you when men like Mr. Newhouse come up here, as he came the other day, and promise to duplicate any subscription made, we cannot with justice say the men of means of Salt Lake are not doing the right thing. It is up to us younger men and men of smaller means to set the example. It is up to us to show what we intend to do in this case. When we show that we young men are getting behind this thing and putting our shoulders to the wheel, we will find that the rich men will follow us."

Other Talks.  
John Dorn and W. Mont Perry of the special committee also spoke. Mr. Dorn, as a business man and vice president of the Y. M. C. A., for this opportunity that he has given me to learn what I have learned this last week about our own people.

John Dorn and W. Mont Perry of the special committee also spoke. Mr. Dorn, as a business man and vice president of the Y. M. C. A., for this opportunity that he has given me to learn what I have learned this last week about our own people.

It's worth a walk of several blocks to see this

Colonel Henry Page is back in Salt Lake. He, with others in Federal Service, comes to increase force in the United States Land Office.

A number of changes are to be made in the United States land office—additions, rather. Several men who have been and are now in the service in other states will be assigned to this district, over which Captain George Haire has supervision. Among these is Colonel Henry Page, recently stationed in Oklahoma. He lived

formerly in Salt Lake and was a prominent member of the Alta club. That membership he still maintains. Colonel Page arrived in Salt Lake yesterday.

W. S. Gowan and W. H. Hanna came from Oregon.

In the mineral division there has been appointed D. R. Thompson, son of E. D. R. Thompson, register of the land office; J. W. Kingsbury, son of President J. T. Kingsbury of the university, and H. R. Burritt of Salt Lake. As expert timberman, Robert Pack of Canas, has been appointed. He has long been in the service, and has only recently been transferred to the special service. John McFarren has also been named, but he has not yet been assigned to duty.

Colonel Henry Page.

HOLLBERG ANSWERS WIFE'S COMPLAINT

Charles A. Hollberg does not intend that his wife, Louise, shall get a divorce without a fight in the courts. Mrs. Hollberg in her complaint alleged failures to provide, drunkenness and cruelty. The child now comes back with charges that she neglected her home to attend dances. According to Hollberg, his wife's light disposition began to manifest itself in 1906, ten years after they were married. He says she has a vile and uncontrollable temper and is not a fit person to have children, so he asks that the divorce and children be given to him.

U. S. MARSHAL IS BACK FROM TRIP

United States Marshal Lucian H. Smyth has returned from a trip to Leavenworth, where he went with C. C. Slade, who was sentenced to serve three years for tampering with registered letters in the Salt Lake postoffice.

Mr. Slade has not yet been assigned to duty," said Captain Smyth. "He will not be for three or four weeks. I had gratifying reports about R. B. Shephard. At first he was sent to the mastery of the tool room, but here she spent several days on the farm. I am told that his health is better than it has been for years. The tasks are light, and the surroundings pleasant so far as the knowledge of the situation. Dr. Payne is in the hospital service. When I took the old doctor to Leavenworth I suggested that he be given service of this sort if possible. They told me that he is contented and that he is pleased with the work he has to do."

SHE WANTS TO GO TO INDUSTRIAL SCHOOL.

Helen Buttle, aged 15 years, has been giving the juvenile court officials no end of trouble by her propensity to get into mischief. She is now in the state industrial school at Ogden, and runs away from every home in which she is placed. Last week she left the home of Mrs. Williams, on Eighth West street, where the court had placed her, and went to Garfield, where she spent several days ostensibly in search of work. Yesterday she was made a ward of the court and sent back to her home. The next time she will go to the industrial school.

## The popular blues and blacks

Always right—ready for any emergency—dressy, neat and clean-cut.

Our black unfinished worsteds and blue serges in plain and pattern weaves are built right in every line. Special care has been exercised in the cutting and fitting of these—to give that classic, clean-cut effect that correct dressers appreciate.

The fine hair cloth stiffening scientifically placed guarantees rigidity of form—the skillful tailoring insures perfect fit.

All our serges and worsteds are absolutely all wool and the fancy weaves are of the very newest sort.

Prices \$12.50 to \$30.00

## LOCAL BRIEFS

WILLIAM GENTRY, under a 3-year sentence for highway robbery, but who was released from the state prison on parole, has been taken in custody at San Bernardino, Cal., for violating his parole. He was released from the state prison Feb. 28 after serving about three years of his sentence. He was convicted of having held up a Salt Palace street car and robbing the conductor of his day's receipts.

NELLIE BLAIR, one of the women recently arrested on the charge of conducting a house of ill-repute in the stockade, was up for trial Monday afternoon before Justice of the Peace Hanks on the charge of vagrancy. The entire afternoon was spent in selecting a jury to hear the case, and the taking of testimony will not begin until this afternoon.

DAVID LATHAM, charged with attempting to murder Patrolman H. D. Lyon last Thursday evening was arraigned in police court before Judge J. M. Bowman and entered a plea of guilty Monday morning. In default of \$250 bond Latham was remanded to the custody of the sheriff.

HARRY SIMMONS, who is charged with burglary in the third degree, has asked that the date of his trial be set for May 27, as several of his witnesses were out of the city on that date. The request was granted by Judge Bowman yesterday.

AFTER SUPERVISING the installation of the Rocky Mountain Bell Telephone company's new plant at Butte, F. E. Leonard has returned to Salt Lake. He reports an increased business for the telephone company in that city.

THE RAIN GAUGE recorded one-tenth of an inch of moisture during the first five minutes of the thunder storm at the local weather bureau yesterday morning. This breaks the precipitation record for Salt Lake this year.

FIRST LIEUTENANT LOCHLIN W. CAPPEY, Fifteenth infantry, has been detailed as professor of military science and tactics at the Agricultural college, Logan, Utah. His appointment as a member of the staff of instructors at the A. C. will be effective after Oct. 1.

LIEUTENANT FREDERICK GOED-ECHE, Seventeenth infantry, has been relieved to discontinue recruiting the district assigned him at Salt Lake, and to proceed immediately to Jefferson barracks, St. Louis, Mo., for duty, the enlisted men and members of the hospital corps to proceed with him.

L. J. DE HART of the Immigration service went to Ogden yesterday, where he will look into the application of Chev Gum, a Chinaman who wants to visit his native land.

THE IMMIGRATION SERVICE has received a letter from the Chinese consul in San Francisco, asking for a passport for a Chinese man who wants to visit his native land.

GOVERNOR WILLIAM SPRY has appointed R. C. Watkins, architect of Salt Lake, a member of the board created by the recent legislature to examine and pass upon all plans of school houses in the state of a value of \$1,000 or more.

## SEARCH FOR SKELETON OF FROISLAND FRUITLESS

Police Officers and Father of Unfortunate Boy Spend Day in the Mountains.

Police Officers Conyers and McMartin yesterday went to the mountains where the effects of Oscar Froisland were found and made a thorough search of the vicinity in hopes of finding more of the unfortunate boy's remains. They spent the greater part of the day in the vicinity of where the torn garments were found on Sunday. They found evidence that the body had been dragged, but found no bones. Froisland's clothing was found to have been strewn along the mountain ridge for a distance of over half a mile. On account of the snow the officers could not conclude their search yesterday, but will make another trip about one week.

Officer McMartin is of the opinion that the skeleton of Froisland will be found when the snow is cleared away. M. R. Froisland, the boy's father, accompanied the officers on their search yesterday and will make another trip about one week.
